
Risk Tolerance Acknowledgement – Aggressive Growth

Please accept this acknowledgement letter as confirmation that the primary objective of my Q3 account(s) listed below is maximizing capital appreciation with a tolerance for above average market risk. This letter supersedes any prior suitability assessment I may have on file with Q3, and I am comfortable with the aggressive nature of my investments and the risks outlined herein. This acknowledgement will remain in place until I inform Q3 that my risk tolerance has changed. I acknowledge the following:

- My investment objective for the accounts referenced is aggressive growth in nature.
- I understand that the strategies in my account may utilize leverage as well as investment vehicles that are inversely correlated to equity and bond markets.
- I understand that there may be periods of time where the broader market increases in value and my investment decreases in value.
- I understand that there is no guarantee of investment performance and that aggressive strategies may result in a substantial loss of my account value.
- I further understand that aggressive investment strategies involve special risks that may not be suitable for all investors.
